

## Sub: New Partnership Chemical Partners and ASCOTEC

Dear our valued customer

We are pleased to announce that **Chemical Partners** is now an official distributor for **ASCOTEC** France, a significant player as key partner in **anticorrosion field** for the paints and coatings industry. This partnership allows us to offer a comprehensive range of innovative additives designed to meet various needs to Egypt and Libya market.

- **ASCONIUM:** Corrosion inhibitors suitable for solvent-based (SB) and water-based (WB) coatings.
- **ASCOTRAN:** Flash-rust inhibitors that ensure metal substrate protection during the application of WB coatings and provide **packaging protection**.
- **ASCOTRUST:** Rust-converting additives for the direct application of WB coatings on rusted substrates.

For more details or tailored solutions specific to your applications, please do not hesitate to reach out to our **Chemical Partners** team. We are here to assist you in finding the best products for your applications.

We look forward to hearing from you soon!
